The following is intended for UIC campus members who are not UI Health affiliates, not engaged in patient-facing clinical activities in the healthcare setting, and who are not engaged in research studies that require contact with research subjects.
Report to Contact Tracing
I have tested positive for COVID-19

Did you have or do you have symptoms of COVID-19?

Yes

- Isolate for 7 days from when your symptoms started AND
- Strict adherence to masking in ALL SETTINGS ON UIC’S CAMPUS through day 10 from your symptom onset.

No

- Isolate for 7 days from your positive test date AND
- Strict adherence to masking in ALL SETTINGS ON UIC’S CAMPUS through day 10 from your test day.

In order to return to participation

- Symptoms must have improved for at least two consecutive days AND
- You must be fever-free for 24 hours without using fever reducing medication AND
- You must feel well enough to do everyday activities (chores, errands, etc.)
I have symptoms of COVID-19

Begin isolating immediately. You should not come to campus.

Seek PCR testing as soon as possible

If test is positive

Repeat test 48 hours later

May be antigen or PCR
Continue isolating

If test is negative

Test is positive

You may return to campus activities.

Note: Individuals with symptoms should not utilize campus saliva testing as it is not designed for those with symptoms.
I had close contact with someone who has COVID-19 or who is suspected of having COVID-19

Did the exposure occur in the household or was it considered high-risk?

Yes

- Wear a high-quality mask or respirator (e.g., N95) any time you are around others in your home or in public and in **ALL SETTINGS ON UIC’S CAMPUS** through day 10 from your exposure date.
- Monitor yourself for symptoms of COVID-19 for 10 days from exposure
  - If you **develop symptoms**

No

- Wear a high-quality mask or respirator (e.g., N95) any time you are around others in your home or in public and in **ALL SETTINGS ON UIC’S CAMPUS** through day 10 from your exposure date.
- **PCR test** no sooner than 5 days after you are exposed
  - If you **test positive**
- Monitor yourself for symptoms of COVID-19 for 10 days from exposure
  - If you **develop symptoms**
I had close contact with someone who has COVID-19 or who is suspected of having COVID-19

My exposure was...
(cont. from previous slide)

- **household**
  - PCR test 48 hours after your household member tested positive or developed symptoms
  - Test is positive
    - PCR test again 48 hours later
      - If positive, refer to slide 3
  - Test is negative

- **high-risk**
  - PCR test 48 hours after the exposure
  - Test is positive
    - PCR test again 48 hours later
      - If positive, refer to slide 3
  - Test is negative
Where can I get tested?

- **On-campus saliva testing options are available:**
  - Locations: Student Center East, Student Center West, and the Behavioral Sciences Building
  - Hours of Operation: Monday through Friday, 9am to 5pm
  - For more information visit UIC’s saliva testing [website](#)

- **Other on-campus testing locations:**
  - Student Health Services
  - University Health Services (employees only)

- **External testing resources can be found on our website and resources page**
